

Mr. Mark Gussack  
President  
Exotech Inc.  
1851 Blount Road  
Pompano Beach, FL 33069  
U.S.A

2/01/2012

Dear Mr. Gussack:

The Electronic Industry Citizenship Coalition Incorporated (EICC) and the Global e-Sustainability Initiative (GeSI) Conflict-Free Smelter Review Committee reviewed the results of Exotech's Tantalum Conflict-Free Smelter annual reassessment conducted on the following locations and dates:

1. Pompano Beach, Florida, USA. Assessment: November 28, 2010 to November 29, 2011

The Committee has reviewed the re-assessment and, based on such review, concludes that Exotech continues to be compliant with the EICC/GeSI Tantalum validation protocol. The review covers only the facilities in the above list and expires one year from the date of the assessment.

Direct general questions to [cfsprogram@eicc.info](mailto:cfsprogram@eicc.info)

Thank you for participating in the Tantalum Conflict-Free Smelter program.

Sincerely,

EICC – GeSI Conflict-Free Smelter Review Committee
